The Landlord's Prayer.

In a prayer book of the time of King

Edward VI. of England appears the

following prayer for landlords: "The

earth is thine, O Lord, and all that is

contained therein, notwithstanding

thou hast given possession of it to the

children of men to pass over the time

of their short pilgrimage in this vale of

misery. We heartily pray thee to send

thy holy spirit into the hearts of those

that possess the grounds, pastures and

dwelling places of the earth, that they,

remembering themselves to be thy ten

ants, may not rack nor stretch out the

ren'ts of their houses and lands nor yet

after the manner of covetous world-

lings, but so let them out to others

that the inhabitants thereof may both

be able to pay the rents and also hon-estly to live and nourish their families

and relieve the poor. Give them grace

also to consider that they are but

Fear of Premature Burial.

The fear of premature burial, which prompted the late Lord Burton to di-

rect by his will that his heart should

be removed from his body, has caused

many well known men and women to

order a surgical operation to be per-

formed upon their bodies. Harriet

Martineau left her doctor £10 to am-

putate her head, and Lady Burton di-

ected that her heart should be pierced

with a needle. The late Edmund

Yates left instructions that his jugular

vein should be severed, with a provi-

sion that a fee of 20 guineas should be

paid for the purpose. Literary persons

appear to have been particularly

afraid of premature burial. Bishop

Berkeley, Lord Lytton, Hans Ander-

sen and Wilkie Collins all took meas-

ures to protect themselves from it .-

**ELECTRIC CO. RIPS UP PAVEMENT** WITHOUT PERMIT Plucky Victim of Auto Ac-

Permission to Tear Up Brick on North Main Street Was Specifically Refused in 1907, Says Monday, was reported at the hospital this afternoon as holding his own. Potter takes his, injuries very cheer-trilly realizing that his charges for re-

The residents and taxpayers of the North End are up in arms over the emoval of the brick pavement in Main street, north of East Washington avenue to extend its conduits, and it is now developed that the company die BILLARD CO. MAY

street.

Mayor Lee asked the director of public works about it and Director Biltz said that he understood that the concern was given permission to dig up the street at the same time it was given permission to dig up sundry streets two years ago which the council gave permission to take up the pavements in various streets.

The records of the common council show that the permission to dig up some streets under specified conditions was given. May 6, 1907, but that Main street, north of East Washington avenue was not included in the list.

Director Biltz said to-day that he had supposed the United Illuminating Co. had permission to take up the pavement, but if it did not have it could not be stopped from extending its lines under the pavement and the pavement was laid before the adoption of the city charter which provides that permanent pavements shall not be disturbed for five years after laid.

The director stated that he would say, however, that the United Illuminating Co. was the only concern which had put the pavement back right where It had taken it up to lay pipes.

While the North Enders have been trying to find out who gave the United Illuminating Co. permission to take up the pavement the work of the company is nearly completed and already work of replacing the Mack brick removed A member of the street committee of 1907 said to-day that the company ask-ed for permission to tear up this pave-ment, which was specifically refused.

WITHOUT LIMIT (Special from United Press.) Hartford, June 3 .- The charter of the Billard Company of Meriden which will hold a majority interest in the Boston & Maine Railroad passed the House to-day with only the amendment place on it last week by Mr. Bishop of New Haven. These limit the issuance of bonds to 75 per cent. of the value of its stock and provide for the filing with the secretary of state a certificate of its action in the purchase of any property. Representative Whiton's amendment limiting the amount of securities of the Billard Company to \$20,000,000 failed of passage and the raising of the amount to \$50,000,000 by Mr. Peck of Stratford was no more satisfactory to the House which re-fused to limit the capitalization of this holding company.

Mr. Whiton made a brave fight for

Mr. Whiton made a brave fight for his amendment, explaining that the powers granted in the charter are broad enough to make it possible for the Biliard Company to acquire any amount of securities of any character and issue whatever new securities it chooses on the basis of them.

"The operations of these security manufacturers," said Mr. Whiton "have been forced into a position where they are far more important than the mere operation of these public utility corporations and the time has come when we should place a definite limit on capitalization."

He felt that \$20,000,000 was a reasonable limit and would permit the Billard

able limit and would permit the Billard Company to do what it was explained Company to do what it was explained it desires to do, control the Boston & Maine road and enlarged on the fact that while the intentions of the company have been explained, the charter specifies the shares of stock of no particular railroad and confines its business to no limit whatever in reality. He quoted the Massachusetts measures creating a holding company in that state as examples of specific in that state as examples of specific

Chairman Parker of the incorpora-tion committee replied that the Massa-chusetts bills are intended to carry out a specific purpose and urged that the interests of the state of Connecticut should be conserved rather than those of the state of Massachusetts. Mr. Chandler of Rocky Hill, who has taken Chandler of Rocky Hill, who has taken a very prominent part in this matter, stated his position to be that of sympathy with the merger of the B. & M. and New Haven roads. He said Massachusetts' attitude for a few years back had hampered the industrial development of New England. He believed in the merger of the two roads under a Connecticut charter rather than a Massachusetts charter and thought that the limit of capitalization proposed was unnecessary with the other two amendments safeguarding the issuing of securities and requiring reasonable publicity.

Mr. Bishop of New Haven tried to stem the tide, saying that while he would desire to do nothing to prevent the Billard stock remaining in this State or hamper the New Haven road in carrying out any proper purposes

in carrying out any proper purposes with this stock, the granting of so in-definite a charter might result in future generations doing things under its power which no one now thinks of do-ing. The Billard Company stands betion. It should be character of the public service corporation.

Representative Peck's amendment to application \$50.

make the limit of capitalization \$50, 000,000 instead of \$20,000,000 was oppos ed by House Leader Burnes and quick-ly voted down by the House and the Whiton amendment suffered the same fate after which the House passed the bill without further ado.

The House went into session at 10:30 today and accepted a good day's work on its calendar. Among the matters which received favorable action were: An act prohibiting trespass on land used for storing of explosives; an act removing the secretary of the State Board of Education from membership on the board; an act adding fire districts to the municipal divisions which must make returns to the State Tax Commissioner; an act providing that the members of the Police and Fire departments in the city of Bridgeport may have the same right as to length of service that would be theirs if they had not been obliged to resign in order to accept increases in salary; an act providing for Saturday holidays for clerks of the Superior and Supreme courts; resolution authorizing the city of South Norwalk to take land for park purposes; resolution reimbusring John L. Edwards, the Beacon Falls game warden who was shot by an Italian, in the amount of \$5,000; an appropriation of \$11,250 for the military expenses in connection with the funeral of Governor Lilley; an act permitting the State Highway Commissioner to take over in 1911 any road built by in-dividual towns which come up to his

MAN WHO WOULD SHOOT UP STRATFORD PROBABLY CRAZY

Cortez Wheeler a husky farmer from Milford blew into Stratford earfrom Milford blew into Stratford early yesterday morning suffering with a terrible load. Cortez had the tremens in a bad way and threatened to shoot everybody in sight if he could get hold of a gun. He went from house to house looking for the fire arm and raised a rough house when he was refused. Constable Beardsley after a hard struggle placed the man under arrest. He was taken to the town a nard struggle placed the first arrest. He was taken to the town lock up from which place Deputy Sheriff Maher of Milford rescued him, only to lodge him in the Milford cooler. A preliminary hearing was given Wheeler in Milford yesterday afternoon, but it was continued as it is be-lieved that his mind is unbalanced and that he will have to be committed to Middletown. As Wheeler's visit happened in the early morning waking up the town some of the older folks have not yet gotten over the fright.
